TO: All FAX Employees  
FROM: DEAN S. HUSS, Provisional Operations Manager D.H.  
SUBJECT: **SMOKING IN CITY VEHICLES - PROHIBITED**

Recently, there have been complaints from employees regarding cigarette smoke in the relief vehicles. This smoke is causing great discomfort for many employees. I am sure all employees are aware of Administrative Order 8-5, which refers to smoking in city buildings and city vehicles. *Smoking in city vehicles is prohibited.*

For those who smoke, please have compassion for your fellow employees and refrain from smoking in all City vehicles.

I can assure you, your cooperation is appreciated by all concerned.
