Aflac Choice

HSA-COMPATIBLE HOSPITAL CONFINEMENT INDEMNITY INSURANCE – OPTION H

We’ve been dedicated to helping provide peace of mind and financial security for more than 60 years.

The policy is a supplement to health insurance. It is not a substitute for essential health benefits or minimum essential coverage as defined in federal law. Lack of major medical coverage (or other minimum essential coverage) may result in an additional payment with your taxes.
Life is full of tough choices, but this isn’t one of them.

Aflac Choice makes selecting the right coverage easier and less stressful. With your trusted Aflac agent you can tailor Aflac Choice to meet your specific needs and enhance your existing coverage.

Here’s how we can help

Aflac Choice offers our best selection of hospital-related benefits to help with the expenses not covered by major medical, which can help prevent high deductibles and out-of-pocket expenses from derailing your life plans.

If choosing the right coverage has given you one giant headache in the past, don’t worry. We’re here to help.

Why Aflac Choice may be the right policy for you

• You choose the hospital confinement benefit amount that’s right for you based on your specific needs. It also works well with our other products.

• We pay cash directly to you (unless you tell us otherwise)—not the doctor or hospital.
Understand the difference Aflac makes in your financial security.

Aflac pays cash benefits directly to you, unless otherwise assigned, for covered hospital expenses. We provide you with financial resources to help you overcome some of the unexpected expenses associated with a visit to the hospital, giving you less to worry about so you can focus your energy on getting better.

Outline of Coverage for Policy Form Series B4010H

THIS IS NOT MEDICARE SUPPLEMENT COVERAGE.
If you are eligible for Medicare, review the “Guide to Health Insurance for People with Medicare” furnished by Aflac.

(1) Read Your Policy Carefully: This Outline of Coverage provides a very brief description of some of the important features of the policy. This is not the insurance contract and only the actual policy provisions will control. The policy itself sets forth, in detail, the rights and obligations of both you and Aflac. It is, therefore, important that you READ YOUR POLICY CAREFULLY.

(2) Hospital Confinement Indemnity Coverage: The policy provides coverage in the form of a fixed benefit during periods of hospitalization or care resulting from Sickness or Accidental Injury, subject to any limitations set forth in your policy. It does not provide any benefits other than the fixed indemnity for Hospital Confinement and any additional benefits described below.

(3) Benefits: Aflac will pay the following benefits, as applicable, for a covered Sickness or Accidental Injury that occurs while coverage is in force, subject to the Pre-existing Condition Limitations, Limitations and Exclusions, and all other policy provisions, unless indicated otherwise. The term “Hospital Confinement” does not include emergency rooms. Treatment or confinement in a U.S. government Hospital does not require a charge for benefits to be payable.

A. HOSPITAL CONFINEMENT BENEFIT: Aflac will pay $[________] when a Covered Person requires Hospital Confinement for 23 or more hours for a covered Sickness or Accidental Injury and a room charge is incurred. This benefit is payable once per Calendar Year, per Covered Person. No lifetime maximum.

B. DAILY HOSPITAL CONFINEMENT BENEFIT: Aflac will pay $100 per day for the Period of Hospital Confinement when a Covered Person requires Hospital Confinement for a covered Sickness or Accidental Injury and a room charge is incurred. This benefit is payable in addition to the Hospital Confinement Benefit. The maximum benefit period for any one Period of Hospital Confinement is 365 days. No lifetime maximum.

C. HOSPITAL INTENSIVE CARE UNIT CONFINEMENT BENEFIT: Aflac will pay $50 per day when a Covered Person incurs a room charge for a Period of Hospital Intensive Care Unit Confinement for a covered Sickness or Accidental Injury. This benefit is payable in addition to the Hospital Confinement Benefit and the Daily Hospital Confinement Benefit. The maximum benefit period for any one Period of Hospital Intensive Care Unit Confinement is 30 days. No lifetime maximum.

D. WAIVER OF PREMIUM BENEFIT: Upon written notice, Aflac will waive from month to month any premium(s) falling due during a continued Period of Hospital Confinement for the Named Insured only. This benefit will begin after the Period of Hospital Confinement for the Named Insured has exceeded 30 consecutive days. When such continued Period of Hospital Confinement has ended, premium payments must be resumed. Once premium payments are resumed, any new Period of Hospital Confinement must again satisfy the 30-day continued confinement for premiums to be waived.

If you die and your Spouse becomes the new Named Insured, premiums will start again at the appropriate rate and will be due on the first premium due date after the change. The new Named Insured will then be eligible for this benefit if the need arises.

(4) Exceptions, Reductions, and Limitations of the Policy (policy is not a daily hospital expense plan):

A. Aflac will not pay benefits for care or treatment that is: (1) caused by a Pre-existing Condition, unless it begins more than 12 months after the Effective Date of coverage, or (2) received prior to the Effective Date of coverage.

B. Aflac will not pay benefits whenever a policyholder is determined to be a Specially Designated National or Blocked Person as defined by the Office of Foreign Assets Control (OFAC). Aflac will periodically check all policyholders against the list published by OFAC. If a policyholder is listed as a Specially Designated National or Blocked Person, the policy will be suspended and reported to OFAC.
C. Aflac will not pay benefits whenever fraud is committed in making a claim under the coverage with the intent to deceive. If you have received benefits that were not contractually due under the coverage, then Aflac reserves the right to offset any benefits payable under the coverage up to the amount of benefits you received that were not contractually due.

D. The policy does not cover losses caused by or resulting from:

1. Giving birth within the first ten months of the Effective Date of coverage; or pregnancy in existence prior to the Effective Date of coverage, including any resulting Complications of Pregnancy or maternal-fetal intervention procedure. For pregnancy beginning on or after the Effective Date of coverage, Complications of Pregnancy are covered to the same extent as a Sickness;

2. Receiving routine nursing or routine well-baby care for a newborn child;

3. Using hallucinatory drugs, or voluntary inhalation of gas;

4. Participating in, or attempting to participate in, an illegal activity that is defined as a felony (“felony” is as defined by the law of the jurisdiction in which the activity takes place);

5. Being intoxicated or under the influence of any controlled substance, unless administered on the advice of a Physician (the term “intoxicated” refers to that condition as defined by the law of the jurisdiction in which the cause of the loss occurred);

6. Intentionally self-inflicting a bodily injury, or committing or attempting suicide, while sane or insane;

7. Having dental treatment, except as a result of Accidental Injury;

8. Having cosmetic surgery (“Cosmetic surgery” means surgery that is performed to alter or reshape normal structures of the body in order to improve appearance. Cosmetic surgery does not include reconstructive surgery which is surgery performed to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors, or disease);

9. Being exposed to war or any act of war, declared or undeclared, or actively serving in any of the armed forces, or units auxiliary thereto, including the National Guard or Reserve; or

10. Donating an organ within the first 12 months of the Effective Date of coverage.

A “Pre-existing Condition” is an illness, disease, infection, condition, or injury for which, within the 12-month period before the Effective Date of coverage, prescription medication was taken or medical testing, advice, or treatment was recommended or received from a Physician. Care or treatment caused by a Pre-existing Condition will not be covered unless it begins more than 12 months after the Effective Date of coverage.

(5) Renewability: The policy is guaranteed-renewable for your lifetime by the timely payment of premiums at the rate in effect at the beginning of each term, except that we may discontinue or terminate the policy if you have performed an act or practice that constitutes fraud, or have made an intentional misrepresentation of material fact relating in any way to the policy, including claims for benefits under the policy. Aflac may change the established premium rate, but only if the rate is changed for all policies of the same form number and premium classification in the state where the policy was issued that are then in force.

(6) Premiums: Your Premium for the policy is:

Newborn children are automatically insured for 30 days from the moment of birth. If coverage is for individual or named insured/spouse only and you desire uninterrupted coverage for a newborn child beyond the first 30 days, you must notify Aflac in writing within 31 days of the child’s birth and Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due, if any. Coverage will include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental or physical disability and who became so disabled prior to age 26 and while covered under the policy. Dependent children are your natural children, stepchildren or legally adopted children who are under age 26. Children born to your dependent children or children born to the dependent children of your spouse are not covered under the policy.

The hospital confinement must be on the advice of a physician and the result of a covered sickness or accidental injury. Treatment or confinement in a U.S. government hospital does not require a charge for benefits to be payable.

Hospitalization that begins prior to the end of one calendar year and continues into the next calendar year will be considered one confinement.

**PERIOD OF HOSPITAL INTENSIVE CARE UNIT CONFINEMENT:** The number of days a covered person is assigned to and incurs a charge for a room in a hospital intensive care unit. Confinements must begin while coverage under the rider is in force. Hospitalization that begins prior to the end of one calendar year and continues into the next calendar year will be considered one confinement.
